

1 Booth

2 answer was, yes.

3 Q. And with each succeeding use of the  
4 shaving cartridge shown in Figure 1 of the Rogers  
5 '585 patent, the element 42, which is described  
6 as a "shaving aid composite" would also wear?

7 MR. GALLAGHER: Objection.

8 A. Yes, it would. But again, it would  
9 not be -- the average shaver would not be able --  
10 or not the average shaver.

11 A shaver would not be able to see  
12 that.

13 Q. Item 42, the shaving-aid composite of  
14 the Rogers '585 patent would wear more each time  
15 the cartridge was used?

16 MR. GALLAGHER: Objection.

17 A. We're talking about which component  
18 now?

19 Q. Item 42.

20 A. Item 42.

21 It would wear each time it was used,  
22 yes.

23 Q. It would wear a little bit more each  
24 time?

25 A. We're talking about...
